SIGACTs / Events of Interest:

- 13 Jul 19, identified anti-border wall extremists made threats to law enforcement and border wall construction projects. The extremists belong to a known anti-border wall group alleged to have direct action camps in the McAllen, TX area. Group members are reportedly armed and espousing attacks on border wall projects (FPIR3)
- 31 Jul TO 1 Aug, an identified group plans to protest the detention of families and children at Fort Sill. An identified religious group in St. Louis, MO, sponsors the group and is subsidizing travel expenses for protestors. The group is charging a 65.00-225.00 USD as a donation to ride a bus to Lawton. As of 1 Aug 19, 11 (-1) individuals are attending and 18 (+1) are showing interest (FPIR3)
- 1-10 Sep 19, a 10-day Border Resistance Convergence event has been scheduled for El Paso, Texas. The Border Resistance Convergence social media event is promoting rhetoric calling for the end of migrant detention and the termination of the current immigration policy. While there are no specific details on location, the event is planned for El Paso with multiple locations within walking distance of each other. The event is pre-ceded by a seven city tour to include Santa Cruz and Oakland, CA; Olympia, Portland and Seattle, WA; Minneapolis, Minnesota; and Chicago, IL with some events scheduled to take place outside of U.S. Immigration and Customs Enforcement (ICE) facilities. The Tour is expected to end in downtown El Paso, TX on 1 Sep 19. The Border Resistance Tour flyer uses imagery alluding to the burning of Border patrol vehicles, a watch tower, shooting each object with arrows, and the breaking of a fence to release presumed migrant families.

(U//FOUO//LES) G2 Assessment: On 31 July, CBP reported 1,828 apprehensions along the southwest border (FY19 total: 760,331), with the highest apprehensions in the Rio Grande Valley with 747, followed by El Paso with 335. Emerging TTP's are representing a growing trend in migrants approaching MSC sites with the perceived notion that upon surrender they move to the front of line for asylum claims. We continue to monitor for reporting related to the formation of new caravans specifically originating from Honduras, El Salvador, and Guatemala. Finally, we continue to monitor ongoing policy changes within the Government of Mexico.

Day 288
